## **2011-2012 VYOA Music Theory Classes**

Each level of VYOA Music Theory Classes consists of ten one-hour sessions taught by composer Erik Nielsen. The classes are informative and engaging, containing both history and humor. Not only are the materials helpful to students in understanding more about the music they perform, they are essential to those who have any thoughts of further musical study after high school. Enrollment costs \$55 for each ten-week session (i.e. only \$5.50 per class), and students are welcome and encouraged to sign up for more than one. Sign up by checking the appropriate boxes on the enclosed registration form. Students or parents who have questions about the classes can contact Erik Nielsen at [nielsen@sover.net](mailto:nielsen@sover.net).

### ***IMPORTANT NOTE***

*These music theory classes meet only ten times, which means that a great deal of material must be presented in a short time and the amount of work required is fairly substantial. The classes are geared toward getting older students ready for further study in music. **Parents who are considering theory classes for a child who is 12 years of age or under must contact Mr. Nielsen first.***

***IF YOU SIGN UP FOR THEORY CLASSES PLEASE MARK THE BELOW DATES ON YOUR CALENDAR!***
